THE Numb. 182.

VIRGINIA GAZETTE.

Containing the freſheſt Advices, Foreign and Domeſtick.

From Friday, January 18, to Friday, January 25, 1739.

THEY write from Petersburg, That the Court has received Advice from their Conſul at Raſh in Perſia, that Schach Nadir, their Sovereign, had gained a compleat Victory over the Grand Mogul, who retir'd to a Fortreſs, where being beſieged, and deſpairing of Relief, he went forth into the Perſian Camp, and delivered up his Crown. The Sophy generouſly return'd it, and reſtored all his Conqueſts, except the Province of Caboul.

They write from Copehagen, That the auxiliary Troops agreed to be furniſhed to the King of Great-Britain, are ready to march upon the firſt Notice. Our Court is ſurprized at the French Squadron under the Marquis d'Antin having paſſed by Elſeneur, without paying the uſual Salute.

LONDON, October 27.

Great Rejoicings were made here at Proclaiming War with Spain. When it was proclaim'd at the Royal Exchange, the Chimes immediately play'd the Tune of *Britain ſtrike home*, &c.

Great Rejoicings were alſo made on the ſame Occaſion, at Oxford, at Portſmouth, and on board His Majeſty's Ships.

October 31. It's remark'd, That there was not one *French* Suit worn at Court on the Birth Night.

Sunday Noon an Expreſs arriv'd at the Admiralty, with Advice, That Admiral Haddock had taken a Spaniſh Ship, of 60 Guns, call'd the *San Joſeph*, richly laden; and had ſent her under the Command of his Lieutenant Thompſon, and under Convoy of the Cheſter, to Portſmouth, where ſhe is ſafe arriv'd. Her Cargo conſiſts of 10919 Fanequs of Cocoa Nuts, 102398 Pounds of Verenas Tobacco, 30,000 Pieces of Eight, and many valuable Goods not regiſtred, computed to be worth 150,000 l. Sterling.

Capt. Ambroſe took 23 Cheſts of Silver, out of a Genoeſe Ship, conſigned to Perſons in Cadiz, ſuppoſed to be Part of the Aſſogue Ships Cargo. He allow'd the Captain of her his Freight, and gave him a Receipt in full, to carry to the Merchants in Cadiz, according to his Bills of Lading.

Letters from Portſmouth ſay, there are 4 Men of War, 2 Bomb Ketches, and 2 Fire-ſhips, order'd to ſail the firſt fair Wind, for Jamaica.

November 1. Yeſterday his Grace the Duke of Newcaſtle receiv'd an Account, That Part of Admiral Haddock's Squadron had taken another Ship from Curracoa, of about 400 Tuns, and 36 Guns; her Cargo worth 100,000 l. Sterling, carried into Gibralter: And that they were in Hopes of a rich Ship from Buenos Ayres. The News of the Loſs of theſe 2 Ships has reach'd Cadiz; and they ſay their Cargoes, regiſter'd and not regiſter'd, amount to 1,000,000 of Pieces of Eight; and that they were deceiv'd by a Veſſel from Cork, who told them the Difference between England and Spain was made up, and that they might venture to Cadiz with Safety. Sir Chaloner Ogle is arriv'd at Gibraltar.

The Spaniſh Ship *San Joſeph*, beforemention'd, is to be refitted, and mounted with 60 Guns, for the King's Service; and the Command of her is given to Lieutenant Thompſon.

Some of our Ships have been taken in the Mediterranean, by Spaniſh Veſſels, and French Veſſels carrying Spaniſh Colours.

Inſurance on Ships and Goods, is conſiderably riſen.

'Tis reported, the King of Portugal hath ſtopt Two *Spaniſh* Ships, at Lisbon, 'till Capt. White's ſhip is reſtored, who was taken under his Cannon.

It's ſtrongly reported, That Admiral Haddock had taken another ſhip, richly laden, from Buenos Ayres.

Extraordinary Preparations of War, are making in this Kingdom; exceeding even thoſe in the laſt War: And there is ſo much room to believe the French will join with the Spaniards in the War, that it's ſcarce doubted of.

The Empreſs of Ruſſia has offer'd his Britannick Majeſty 50,000 Men, when and where his Majeſty will demand them.

WILLIAMSBURG, January 25.

We are inform'd by Capt. *Rome*, of the Brigantine *Laurel*, bound from *Antigua* to *Philadelphia*, who put into *Hampton*, by bad Weather, That Capt. *Bayard*, in a Privateer of 6 Guns, and 22 Men, belonging to *New-York*, or *Rhode-Iſland*, had taken, in *September* laſt, a *Spaniſh* Ship, and Sloop, from the *Cape de Verd Iſlands*, computed to be worth 10,000 l. and carry'd them into *Antigua*.

The *Spaniards* made no Defence for themſelves; when the Sloop's People boarded the Ship, the *Spaniards* quitted her, having firſt cut her Cable, that ſhe might drive aſhore; but the Hands being brisk, they towed her out with their Boat. There was in the Road, a *French Eaſt India* Man, and a *Dutch Eaſt India* Man, who ſtaid there 3 Days to protect the *Spaniards*. The *Spaniards* had put 80,000 Pieces of Eight on board the *French Eaſt India* Man, for Safety; but the *India* Men both ſail'd ſoon after, and left the poor *Spaniards* to the Mercy of the Privateer, who took both Veſſels in a few Hours after. In one of theſe Prizes, they found a ſolid Silver Table 2 Feet high, 2 Sets of Gold Candleſticks, a Gold Baſon, and ſeveral other Veſſels of Gold, which were a complete Set of Church Plate, Value about 2000 l. *Sterling*.

We have Advice by the Poſt from *South-Carolina*, That Capt. *Luſh*, who fitted out from *New York*, to go a Privateering, had taken 2 Prizes, and carried them to *South Carolina*; and was gone out again on a Cruiſe.

Alſo, That a Privateer belonging to *Rhode-Iſland*, had taken a Prize.
